Dear Rohit,

On behalf of the professional design team involved in the landscape development of a world class residence recently built in the heart of Silicon Valley, California, I wish to thank you and your company for the exquisite Makrana marble and inlay work you provided for the project. Your attention to detail, your quality work, and your exemplary service have contributed significantly to the overall success of the project. Rockscape's handcrafted products are truly works of art and exceeded all of our expectations.

Thank you for three years of personal dedication to the project. Your numerous visits, oversight of construction and your artistic and technical expertise were pivotal to the project's timely execution and breathtaking results. Your beautiful and enduring marble products, which included fountains; candle walls, jails, pool coping; carved sculptures; furniture; and semi-precious stone inlay - are truly remarkable.

I look forward to the opportunity to collaborate with you and the Rockscape Company in the future.

Best regards,
